## Wall sconce 42724-W-1 "Script"

The Contemporary Family

Script is a line of lights inspired by the Viennese Art Deco. Sperlein breaks up the common theme of brass pipes and white balls by giving it a new twist, or better still: a new bend.

The concept of the design allows for many different applications. The wall sconce variant is perhaps the most minimalistic member of the Script line.

Each lighting unit is an LED-element that can be controlled and dimmed via DALI or with a mobile app via Bluetooth.

The fixtures are made of bent brass bars with mouth-blown crystal domes with a frosted inside. Beside the typical gold finish the frame elements can be made in any finish to round up the versatility of the concept.

Design: Bodo Sperlein, 2019

Material: Brass, lead-free crystal; Finish: French gold

Special requests: Other metal finishes

W.: 16 cm, H.: cm P.: 20 cm; Weight: 3 kg

Lights: 1 LED; Max. Wattage: 9 W
