

RING – RING S OCTOPUS

sterling silver

Design: Patrik Muff, 2011

size 52 cm · product no. 20.126

Whether it's a Maori mask, an octopus or a wind rose, Patrik Muff likes to hark back to the archaic power of mystical symbols for his extraordinary ring creations. His designs were combined with the sensuality of delicate hand-craftsmanship at the maser Nymphenburg workshops. As such, each piece embodies the quintessence of both the fine art of an established porcelain works dating back 260 years and contemporary street culture.
